

## Spare Parts Kit

Nautical Southeast suggests carrying a spare parts kit for your equipment. Please keep in mind that parts vary depending on the year, make and model of your equipment.

Below is a general spare parts kit:

- Power Supply
- Contactor
- Cable Kit
- Sheaves
- Counterbalance Valve
- Directional or Proportional Valve
- Joystick or Hand Control
- Control Card or Circuit Board
- Two (2) Gallons of HD-68 Hydraulic Oil

Please provide your serial number and model so we may provide the correct parts for you. Don't know where your serial number is? Check our FAQ page.
